Howdy Steve,

I am pretty sure I am still the FOIA lead for OSCP. I agree that we should talk about this before we respond.

OPPT prepares the draft risk evaluation, so I think, normally, they should take the lead.

However, the request appears to focus on the TSCA SACC, with a slant towards *ad hoc* peer reviewers. That would be in our wheelhouse as I see it.

The scope is from 2015 to 2020, quite broad a range. The "ask" is also quite broad.

This could potentially return a huge # of responsive docs that will have to be combed through. It will be a tough one, and it's asbestos

so it's high profile. Also, since it's scope is ethics investigations makes it even tougher.

Let's all talk.

My two cents.

Bill,

Are you still our FOIA lead? See below.

We should discuss before responding to Cathy and Sharon.

Thanks.

Thanks Sharon. Actually, this one should go to OSCP – Steve Knott. I'm copying him on this.

Hi Sharon,

Below is another FOIA request from the same requestor asking for documents related to draft risk evaluation for asbestos. Paul Cestone believes RAD would have responsive documents.

Thanks,
